Subject: Retaining Wall @ 541 & 601 Abbott

CC: Roach, Steven; Sneathen, Todd

We are looking into replacing this wall since it keeps falling into the sidewalk. Since it is partially in a Historic District and also within the cdbg area, I thought I would put this on your radar.

We are looking to replace the wall and move it back from the curb 6 feet or so and then replacing the sidewalk with a parkway instead of behind the curb as it is now. We intend on using the same material as we did on Burcham so my hope is that the Historic District Commission will not have a problem with it.

Heather....What are our chances of getting funding for this project thru cdbg for construction in the summer of 2008? We are looking at about \$85,000 to complete the project.
